

# Prophetic Message: What's Next for Michelle Obama?

Does God have a specific message for Michelle Obama?

In a new prophetic message, Troy Black described what he believes the Lord is impressing upon his heart about the former first lady.

"This is what I heard about Michelle Obama on July 7," Black begins. "The Lord said, 'Michelle Obama' and then He said, 'she is about to be thrust into a position she doesn't want to be in.'"

Black makes the point that this is something we will hear in the news. He believes she will be placed in a very unique position, one that was never on her radar, but one that will require her to dive straight into it.

Using the metaphor of a Texas ranch-hand, Black says the unexpected position for Michelle Obama will be like this: the last place she ever thought she would be.

"Something is coming unexpected and... 'unnecessary' for her life and career," Black says. "She will call it unnecessary, but the pressure will be on to accept it and run with it."

"The ranch-hand represents the working-class and a political stance she doesn't agree with," he continues.

Black says he immediately wanted to know if the thing next for Obama is connected to the presidency. However, he does not believe so.

“He’s not talking about the presidency,” says Black. “He’s talking about something else.”

While we don’t know exactly what this next step is for Obama, Black claims he had a message directly following this one that is specifically for Democrats. He shared the word in love, letting any Democrats watching know that this word wasn’t to condemn them, but to provide them clarity.

“He said, ‘The Republican Party is far from perfect.’ Then He said, ‘The Republican stances aren’t perfect either...but they are a lot closer to what I have in mind than the alternative,’” Black prophesies.

As the Democratic Party currently is the center of attention with Biden’s presidential candidacy in question, we will just have to wait and see how these two prophetic messages unfold.
