

Prophetic Vision: Many Youth Will Denounce Their Ties to the Evil One

Recently I was taken into a very disturbing vision.

I saw that many have sold their souls to the devil. In order to be politically correct, culturally accepted and to be tolerated by man, many have unfortunately fallen for and have bowed down to the evil one!

“And no wonder! For even Satan disguises himself as an angel of light” (2 Cor. 11:14).

Many have quickly and sadly given up and sacrificed their kingdom birthrights and futures to fallen angels, demonic idols and false ideologies of carnality. They have unknowingly sold their souls to the evil one by agreeing with the system of the day.

In this vision, throngs and throngs and multitudes of people were tied up and bound by the enemy as if it were the popular trend and the common fad to do follow. They have fallen for the great deception that has overcome the world through the false plague of media propaganda and by political events of the day...

“For false christs and false prophets will arise and show great signs and wonders to deceive, if possible, even the elect” (Matt. 24:24).

Then I saw a mountainous tsunami wave of young people—Millennials and Generation Z—running back to the Father and to the Lord Jesus Christ. For I saw many in the coming days denouncing their ties with the evil one and breaking all false agreements with the spirit of deception and with the

Antichrist.

They were returning to the Father of lights, the King of glory, free with jubilation! Wave after wave, the prodigals will return and we will see the everlasting glory of Almighty God!

We must pray that the souls of our children will be secured in the blood of Jesus and will not be bound to the kingdom or darkness!

#Repent! ... it's not too late! {eoa}

Ben Lim is the founder and senior pastor of Open Heavens World, an apostolic church plant movement in Southern California. He is the CEO of Ben Lim Ministries and is a Millennial prophetic voice to the nations. He is ordained by Pastor Benny Hinn of the WHF (World Healing Fellowship) and holds an honorary doctorate of theology from Next Dimension University. Visit and visit Ben Lim on Facebook.
