

Prophetic Word: Things Are Coming to a Head in October

On Oct. 1, the Lord spoke to me clearly: "Things that need to come to a head are going to come to a head this month."

According to the Cambridge Dictionary, "coming to a head" means things have reached a point where strong action has to be taken. It means something has reached a critical or crucial stage or a point of intensity that forces you to deal with it. Tension has built up in the situation to a boiling point.

Put another way, we're in a *kairos* moment. *Kairos* comes from the Greek word *kara*, which means "come to a head." Decisive action is demanded. *Kairos* also means opportune time, fitting time or season. It's an appointed time. We're in that appointed time this month. We must have another look and take God-ordained steps to execute His will and receive His blessings.

Harvests Coming to a Head

For some, the Lord showed me a harvest needs to come to a head. Many have been sowing and sowing and sowing and the enemy has come repeatedly to steal, kill and destroy your harvest before you have a chance to reap it. If that's you, stand like Shammah in this season and fight:

"After him was Shammah the son of Agee the Hararite. The Philistines had gathered into a troop, where the plot of the field was full of lentils, and the people fled before the Philistines. He took his stand in the midst of the plot of land, defended it, and defeated the Philistines. The Lord brought about a great victory" (2 Sam. 23:11-12).

For some, the Lord showed me, promotions are going to come to a head. For some, restoration that you've been plowing toward

for years and seemed hopeless is coming to a head. Some are going to see prodigals reach out as they are coming closer to returning home.

Enemy Plots Coming to a Head

For some, enemy plots you have not discerned are coming to a head. You don't know what is wrong. You don't know why your life has been miserable. You didn't know there was an enemy inside your camp working against the promises of God in your life. You didn't see the enemy's well-orchestrated plot against you.

Hold on tight. It's going to come to a head. You are going to see and defeat the enemy you couldn't see before now. You're about to catch the thief, and he has to repay seven times. Don't rejoice in your losses. Rejoice in Proverbs 6:31, "But if he is found, he will restore sevenfold; he will give all the substance of his house."

Ugly Things Are Coming to Head

For better or worse, things are coming to a head in October so you can see things for what they really are. Some are going to see ugly things in the spirit. Some are going to see ugly, ugly things in people you know. Judas will be exposed. Absalom will be exposed. Jezebel will be exposed. Some are going to see ugly things in yourself. Greed will be exposed. Jealousy will be exposed. Manipulation and compromise will be exposed.

Now is not the time to put off the hard discussions. Now is not the time to shrink back from the battle. Rather, now is the time to seek the wisdom of God to make what may seem like impossible decisions. Now is the time to seek insights from heaven into how to move forward in a *kairos* moment.

Don't miss this opportunity. God is propelling you into His promises by revealing hidden things that have held you back. Get ready to run.
