

Prophetic Word: Will a Modern-Day 'Esther' Rise in America?

Queen Esther is one of the most well-known women in the Bible. Because of her courage to go before the king, she saved the people of Israel from certain genocide. It is this kind of bravery that many aspire to embody. However, is it possible for God to raise up a modern-day Esther, a woman set apart specifically for this generation, to help save our people from chaos and destruction?

In a word from 2011, Kim Clement prophesied that a woman would rise up to be an Esther to America. However, the timing of the rise of this Esther is not only specific, but her time to rise in America may be coming shortly.

"I see a president that shall come," Clement prophesied. "There is a president who will come. And God says he will have absolutely no fear. Absolutely no fear, will be decisive, make decisions. And then in the middle of the restoration of America...as the beginning of the restoration, as it begins, there shall be a woman that shall rise up. A woman that shall be strong in faith. Virtuous, beautiful in eyes."

This modern-day Esther would correlate not only with the timing of the bold and strong president's administration, but she would be a key player in bringing hope and healing to the nation as a whole.

"I have crowned her, says the Lord, as I crowned Esther. The people shall receive her. She shall have the oil of gladness

for the pain in the mourning that has taken place. And she shall pour out the oil...and God says healing shall begin. And then it shall flow rapidly," Clement prophesied.

The healing of America, that will take place will transform the dangers plaguing schools, rampant murder and drug addictions. Clement believed the cartels would even be terrified of this Esther who would rise up.

"And God says they will say, 'We hated her. But now we love her.' For she shall take the oil of healing and she shall pour it upon the scars of those Left and those Right. And of the new party that has come forth and emerged when they shall say, 'Christ will reign...'" Clement said.

The healing, Clement believed, was part of ensuring that America would not turn toward socialism. He said this is because it is still God's plan to use the United States to bring the gospel forth through the entire world.

While we still do not know who this woman of faith and valor is, what we can expect is that this modern-day Esther will be an essential piece to the restoration and prosperity of America.
