

Red Alert: House of Representatives Vows to Vote to Legalize Marijuana

Cleverly waiting for what it hopes will be an election victory, the Democratic Party is preparing to begin its radical, leftist initiatives toward remaking America as a secular and socialist nation.

They've agreed that, after Nov. 3, they'll vote to pass legalizing marijuana across the board in every state. The MORE Act (Marijuana Opportunity and Expungement Act) will destroy children and young people's lives and "expunge" the deterrent of stigmatized criminal activity.

For any person, pastor or parent undecided about whom to support, this proposal should jolt everyone to vote for values consistent with Scripture, not secularism; principles from a biblical worldview, not pop culture; politicians honoring God, not potheads and personalities from Hollywood.
