

Renowned Christian Leaders to Gather for National Worship

On May 7- 8, 2020, a group of renowned Christian leaders will join together for a big national worship gathering in Dallas, Texas, called "Sing Over America." The list of participants is impressive and contains names such as Terry MacAlmon, Don Moen, Paul Wilbur, Gateway Worship, Nathaniel Bassey, Vocal Majority and—last but not least—Joni Lamb & The Daystar Singers.

MacAlmon, who is the initiator of the event, appeared on Daystar's *Marcus & Joni* last Wednesday and explained that God instructed him to gather the worshipers from coast to coast, because He wanted to give an open heaven over the nation, just as He once did over Colorado Springs. Sing Over America will not be a conference or seminar, it will be worship only. MacAlmon says, "It's not just worship, it's all His presence. Where there is His presence, there is His power. Where there is His power, there is healing, deliverance and salvation. My great call and task are to take people into the manifest presence of God, and He'll do the rest from there."

Tickets are available for \$ at .

More info about the event can be found at .
