

Rick Joyner: Stop Fearing Terrorist Attacks Because We're Already 'Dead'

The terrorists—and even the devil himself—are using fear to stop Christians from doing God's work, prophetic voice Rick Joyner says.

"We've got to resolve that we're not going to be controlled by fear. Fear is not going to be our lord; fear is not going to dictate what we do. That's the point of the terrorists and I believe that's the point of the devil," Joyner says in his *Prophetic Perspectives* video.

But Christians shouldn't be afraid of the violence, for we are already dead to this world, Joyner says, quoting Romans 6 and Colossians 2.

Joyner asks, what can you do to a dead man? A dead man cannot fear. Instead, we must be filled with faith, because "All these things are creating an unbelievable opportunity for harvest and to minister to people."
