

Science Teacher: 'The Only Way to Truth Is Through God's Word'

Though retired from his career as a science teacher, a passion still burns deep inside Neill Russell. His desire is for every person on earth to know the truth—the truth that can only be found in one place.

This idea stands behind , a website that explains the “scientific truth behind creation.” It’s truth, Russell says, that is not being taught in our nation’s schools and must be heard by the younger generations if we’re to have any kind of godly future.

Russell is so sure his truth will change lives that he is giving away a copy of his book, *Genesis One: The Scientific Truth Behind Creation*, to the first 100 people who respond to this podcast. As one of the first 100 responders, you can receive a free copy of the book by either calling 410-827-5582 or emailing Russell at neillgrussell@.

“The only way that we can have truth is through God’s Word,” Russell told Dr. Steve Greene on a recent episode of *Greenelines* on the Charisma Podcast Network. “I read this about a month ago: There was a survey that went out, and when it came back, it was discovered that 2% of Millennials, now American adults who are 18 to 35 and eligible to vote, have a biblical worldview.

“With the election only three weeks away, my goal as a teacher is to teach the truth,” he said. “I’m a grandparent, and I’m sure a lot of grandparents like me are listening to this. We can make a big difference in the outcome of this election if we get the word out to our loved ones who are not hearing the truth. ...

“Genesis 1 is the foundation of our faith,” Russell said. “It’s not being taught, and it’s not being preached. ... It’s the same reason I can’t watch the news today. It’s called lies. We live in two realms: a natural realm and a spiritual realm. The Bible says that the spiritual realm, until Jesus comes back, is controlled by the devil, and he is a liar.

“If you don’t believe the first sentence of the Bible, then you’re not going to believe the rest of the book either,” he said. “So when we’re going through COVID and all of these things that are going on out there, and we have fear, it’s because we don’t have a foundation with that first sentence that God will take care of us.”
