

Serendipity

✖ Cathy Marie Hake | Bethany House

Though

skilled in bartering, Maggie Rose takes a risk every time she trades one of her

many treasures with those who visits her home in Carver's Holler. But when Todd

Valmer stumbles upon her doorstep carrying his very sick mother, Maggie soon

realizes she is about to barter her most prized possession—her heart.

Struck

by her beauty, her tenderness with his mother, not to mention her ability to

cook, Todd is more than confident Maggie would make a wonderful bride and

helpmate on his Texas farm. With little time to spare, he proposes, promising

Maggie that love will grow. He also agrees to let her bring along her treasures,

not knowing just how much she had collected.

Leaving

her Arkansas home, Maggie soon fears she has made a terrible mistake as she

adjusts to living in a one-room cabin with a mother-in-law who seemingly

despises her and a husband who fails to understand her chatty, headstrong ways

and her love for roses.

Cathy Marie Hake's *Serendipity* is a beautiful, well-written story of the

love and respect that can grow between a husband and wife when

they learn to
trust God and each other.
