

Shape Your Atmosphere by Speaking These Truths

It is easy to forget that what comes out of your mouth is a vital part of what it means to be a Christian.

Just as God created the world through powerful declarations, you're also being invited to shape atmospheres through your inspired words.

What you speak can truly transform the world.

Many believers need to be reminded that prayer isn't only talking to God, it's also talking for Him.

Intercession is more than merely making requests, it is also expressing heaven's purposes in the midst of creation's brokenness.

Every time you open your lips, remember that "out of the abundance of the heart the mouth speaks" (Matt. 12:34).

What you express reveals who you really are. {eo}
