

'Shields Up!' A Prophetic Warning for America

Several months ago, I began to feel a great unease again about the safety of America. As I prayed, I felt the Lord warning me that there were attacks being planned on America in attempts to strike terror in the heart of the nation. These would be planned on a systematic level and carried out by radicalized persons.

What I saw at the time were the kinds of bombings that occurred in England and Israel at public places. We know that we already dodged a major bullet when one such attempt was averted in New York's Times Square through what I believe to be God-ordained sequence of events.

This is what I am hearing today:

For the Lord says, "Shields up! This is the time for the **watchman** to have keen eyes and **discernment**. The enemy is at the door and wants to stir up havoc, but I will give My people eagle eyes to see what is being planned."

After I heard the Lord give this warning and admonition, I received the email below from the ***Times of Israel*** that gives details of the kind of attack I had seen (follow the link below to the full news article). Please read it prayerfully. If you are in one of the areas mentioned, perhaps you might want to take a prayer walk and ask the Lord for a strategy to uncover everything being hidden.

Mark 4:22 says, "For whatever is hidden is meant to be disclosed, and whatever is concealed is meant to be brought out into the open" (NIV).

As quoted in a recent article from *The Times of Israel*, "Al-Qaeda Magazine: Strike NY, DC With Car Bombs":

"New issue of 'Inspire' lists specific targets in America, Britain, France—with a bizarre emphasis on tennis matches

"America is al-Qaeda's primary target for car bombs, specifically Washington, New York, Chicago, and Los Angeles, according to the latest issue of Inspire, a slick online English-language magazine published by the global terrorist organization.

In the section entitled 'Car Bombs inside America,' instructing readers how and where to carry out car bombings, a writer going by the name of 'AQ Chef' writes that 'America is our first target, followed by United Kingdom, France and other Crusader countries.'"

Thank you for reading and praying!
