

Streaming of Jonathan Cahn's Blockbuster 'The Harbingers of Things to Come' Now Available

Ever since *The Harbinger* by New York Times bestselling author Jonathan Cahn was released in 2011, followed by *The Harbinger II: The Return* in 2020, people have been asking: "Has the mystery continued? Have more harbingers manifested? Is America closer than ever to judgment? What does the future hold?"

After years of holding back, Cahn finally allowed audiences a glimpse into the ancient mysteries that lie behind what is happening in America and the world today—and in the future. Cahn's explosive new motion picture, *The Harbingers of Things to Come*, was a blockbuster success, topping the charts as one of the top five films viewed across the nation and the third highest per screen average for the two days it was featured in theaters.

The first showing alone saw the film rank No. 2 at the box office as the second highest grossing film nationally. In total, the explosive motion picture saw almost 100,000 people in just two nights.

The film looks at certain symbols and images that reveal the prophetic visions and warnings Cahn has deciphered by studying ancient texts, while also addressing riveting themes such as whether or not COVID, 9/11, the financial collapse and other shakings are all part of an ancient mystery. Are the shakings that have come upon the world a sign or a warning of things to come? Is that ancient mystery determining the events of our time, and does it reveal the secrets of the future?

"We are witnessing America rapidly accelerating away from

God,” Cahn stated. “The messages of *The Harbinger* are prophetic revelations and warnings for God’s people to know what’s happening, where we are going and where we are.”

Even after such incredible success in the box office, viewers are clamoring for more ways to view the astounding motion picture. Now out of theaters, fans can still witness the monumental film via streaming on SalemNOW.
