

Stunning Revelation: U.S. Ballots Counted in Germany, Spain by Venezuelan Company

The presidential election ballots were counted in Germany and Spain by a Venezuelan company with the massive influence of communist money from Venezuela, Cuba, China and George Soros, said famed attorney Sidney Powell at a press conference held at Republican Party headquarters in Washington, D.C., Thursday.

The stunning revelations from lead attorneys for President Donald J. Trump by Rudy Giuliani, Sidney Powell and Jenna Ellis were breathtaking and centered around three main points.

First, at a time of heightened concern with foreign interference in government, the fact that the Dominion and Smartmatic companies actually counted votes outside the U.S. in Germany and Spain is astounding. These tech companies have origins in a company founded in Venezuela, with help from Cuba and China, to corrupt the Venezuelan elections.

Second, the whole systematic interference was planned in advance and concentrated in cities with historic Democratic control. These were cities where not only the party bosses reside, but where judges and police could be influenced.

Late into the night, President Trump's overwhelming landslide became clear. The count was stopped as all the fail-safe methods to steal the election were overwhelmed, and computer system manipulation alone would not be able to swing the election, so overwhelming was the president's landslide.

Third, direct evidence by sworn affidavits shows that vans backed up to the polls in Detroit at 4:30 a.m. with hundreds of thousands of preprinted ballots with only Joe Biden's name

on them. Those ballots were loaded and taken to tables to be inserted into the counting machines multiple times to catch Biden up with the president's overwhelming win. These acts are backed up by irrefutable evidence that shows how impossible it is to have more than 100% registrations, which is where more people vote than were registered throughout the areas involved.

In Pennsylvania alone, 682,770 ballots were presented that did not meet the legal requirement of being checked by representatives of both parties—which makes them invalid. According to Rudy Giuliani, there were more than double the number of votes needed to confirm the president's landslide victory on Nov. 3.

Bestselling author of *God, Trump and COVID-19* Stephen Strang said, "The Democratic party ... along with the Washington establishment, will do anything to stop Donald Trump."

As Scripture clearly shows in Proverbs 10:9, "He who walks uprightly walks surely, but he who perverts his ways will be known."

Attorney Sidney Powell summarized the feeling of the legal team by saying the president and his team will not be intimidated. American patriots are fed up with the corruption, and we are going to take the country back. We are not going to be back down. President Trump won by a landslide, and we are going to take that win back by the people who voted for freedom.

Believers, representing the more than 80 million votes for President Trump, according to Attorney Lin Wood, are asked to pray and, if possible, attend the major rally at noon Saturday, Nov. 21, at the Georgia State Capitol in Atlanta, as well as daily rallies at every state capitol nationwide.
