

Talk of 'Deprogramming' Trump Supporters Gives Communism Refugees 'Flashbacks'

Note: Charisma News reported on this story in January. CBN News updated the situation with comments from individuals who have experienced flashbacks after living in communist countries.

An attorney for PBS was caught on camera by Project Veritas saying the children of Trump supporters should be taken away from their parents and put in reeducation camps.

He was later fired, but voices in the media are still calling for Trump supporters to be deprogrammed.

Trump Supporters 'Mentally Ill' Members of a 'Cult'

Eugene Robinson of the *Washington Post* said on MSNBC, "There are millions of Americans, almost all white, almost all Republicans, who somehow need to be deprogrammed."

Journalist Katie Couric said on HBO's *Real Time with Bill Maher*, "The question is: how are we going to really almost deprogram these people who have signed up for the cult of Trump?"

Trump supporters are also being called mentally ill and are being censored, doxed, de-platformed, backlisted or demonetized.

Disturbing Parallels to Communist Dictatorships

It's giving some who have lived in communist countries flashbacks.

For those who lived under communist dictatorships, what's

happening in America has disturbing parallels.

Chinese Pastor Bob Fu of China Aid was a student leader during the Tiananmen Square pro-democracy demonstrations in 1989. He was also a proud attendee of the Jan. 6 Trump rally on the National Mall.

Hugo Chavez Also Called His Opponents 'Terrorists' and 'Fascists'

Elizabeth Rogliani's family had to flee Venezuela when Hugo Chavez took power. She made a video warning last year (that went viral) about the similarities between the antifa and Black Lives Matter rioting in America and what happened in Venezuela. She told her Instagram followers, "I have already lived through this thing when I was living in Venezuela."

Rogliani says the labeling of Trump supporters as potential domestic terrorists was a tactic Hugo Chavez used to stigmatize his political opposition.

"This calling out the opposition or Republicans as terrorist or fascist, that is the kind of language I saw a lot," Rogliani said, "The late president Hugo Chavez used to call us fascist and terrorist as well."
