

Thailand Revival Fueled By Holy Spirit and Caffeine

Living Word Ministries and **Mai Thai Coffee** are taking Thailand by storm; villages are being evangelized, churches are being planted, children are being rescued. This ministry and business have been established by Charlie and Cathy Milbrodt, who have also established **Abundant Life Foundation** in Thailand. The purpose of all three organizations is to reach the lost, rescue and care for at risk children and establish the Kingdom of God in this traditionally Buddhist land. Nearly 100 churches have been built. Over 800 children are being cared for.

24 years of successful ministry in Thailand have established a dynamic ministry reaching thousands with the Gospel of Jesus Christ.

Charlie and Cathy Milbrodt's eyes were opened to the plight of children in Thailand over 21 years ago when they found a set of twins in the remote regions of the Golden Triangle. Rescued from death they took these babies home to "find a good home for them." God had a plan; the boys were adopted by the Milbrodt's. Now 21 years old, Jason and Jeremy are finishing their education and preparing to join

the work in Thailand.

Finding

the twins challenged the Milbrodt's to establish a facet of ministry to help other at risk children. Abundant Life Children's Home was birthed and now cares for over 800 children. Children become targets as a result of poverty. Mai Thai Coffee was established as a grass roots program to eliminate the environment for risk. Over 500 families benefit from this program. Thousands more will be affected as it grows.

Mai Thai Coffee was launched two years ago as a means to better the lives of rural villagers and to create income to support the ongoing work in Thailand. Excellent quality specialty coffee is being grown in the highlands of northern Thailand. Wholesale green coffee is available to professional roasters as well as beautifully packaged retail coffee through Mai Thai Coffee website.
