

The Art of War for Spiritual Battle

 Cindy Trimm | Charisma House

While reading Sun Tzu's *The Art of War*—an ancient Chinese manual on conducting military operations, popular in today's corporate world—charismatic author Cindy Trimm saw the relevance of the concepts to spiritual battle, thus the title of her book *The Art of War for Spiritual Battle: Essential Tactics and Strategies for Spiritual Warfare*.

Believing that Christians aren't gaining much ground, Trimm calls on readers to fight again like “the evangelists and revivalists of old”—to get divine direction for this time. She writes that God is looking for spiritual generals to organize and lead the charge, and emphasizes scriptural operation of authority and leadership in the church.

Clear and direct, Trimm writes to motivate believers to exercise the disciplines of a prayer warrior, to organize prayer initiatives, to wage prayer campaigns and to establish and expand God's kingdom. Discouraged Christians will be challenged to believe that they still have a role to play in a war that has not yet seen its end.
