Some Tremendous News & Thanks From Jonathan Cahn

This book isn’t just a hit—it’s a juggernaut, commanding global attention.

Like No Other Book

While Cahn is known for revealing stunning mysteries from ancient times that lie behind the events of modern times, *The Dragon’s Prophecy* is his most mind-blowing book yet. It opens up the shocking truth of what’s happening in our world and the ancient prophecies and forces that reveal where it’s all

heading. Cahn says it's like no book he has ever written before.

"I've never written a book before that opens up the realm of end time prophecy and even how there are actual developments and currents in world events that are connected to the Book of Revelation," he says. "I've never written a book about the prophecies of Ezekiel or about the Beast."

But The Dragon's Prophecy uncovers all that and more.

This book was also different in that amazing things kept happening as what Cahn was writing in the manuscript, kept coming true in world events. "This is the only book where, as I was writing it, I had to keep rewriting it to update it," he says, "because what I was writing kept coming true." In fact one of the mysteries in the book foretold the invasion of Israel down to the exact day and may enable us to know future events and when they will transpire.

Shocking Mysteries Revealed

In The Dragon's Prophecy, Cahn uncovers mysteries never before revealed, including the return of the Sea Peoples, the Dark Resurrection, the Black Sabbath, the Prince of Persia, the Countdown of Days and more. He outlines how it all converges into "End of Days" and end-time prophecy—and perhaps most importantly, delivers the crucial insights every reader needs to know in order to overcome in the days ahead.

The book answers questions such as:

- > Did a 3,000-year-old mystery actually foretell the invasion of Israel by Hamas down to the year—and even the exact date?
- > Is there a dangerous force from ancient times now operating in the world and determining the course of world events?
- > What is the Black Sabbath and what is the Dark Resurrection?

> What does the future hold, and what do you need to know and do?

In removing the veil behind what is happening our world, The Dragon's Prophecy exposes the spiritual realm and evil forces of our day, so that whoever reads it can not only recognize the strategies of the enemy, but be strengthened to stand, to prevail, and to overcome in these turbulent times. It's a must-read for every believers in these last days.
