

'The Harbinger' Follow-Up DVD Flies Off Shelves on Release Day

The Harbinger has taken the world by storm with more than 85 weeks on the *New York Times* best-seller list and 60 weeks on *USA Today's* top 150 books list. Now the companion DVD is doing the same.

The Harbinger Decoded DVD, which sold out the first 40,000 copies its opening day, meets the growing demand for more information about Jonathan Cahn's *The Harbinger*, published by Charisma House's Frontline imprint in January 2012.

The 60-minute documentary DVD, which released Tuesday, allows viewers to go deeper into the meaning and messages of the *The Harbinger* and includes background material on the nine prophetic signs, interviews with top Christian leaders and the "story behind the story" of the *New York Times* best-seller.

The DVD portrays a fast-paced visual narrative that gives interesting insights into the harbingers, including how they continue to be revealed today with the completion of the Freedom Tower and the 2012 election. It also answers the questions people are asking about how the harbingers have been revealed, provides biblical support for the messages in *The Harbinger*, and inspires readers to pray for their country.

The Harbinger Decoded DVD is based on *The Harbinger* and *The Harbinger Companion and Study Guide*, which define the signs and omens that Israel rebelled against God and how they apply to America today.
