

The Lee Strobel 3-Disc Film Collection

 Lionsgate | \$

Three popular DVDs by apologist and author Lee Strobel are now available in one collection. Based on Strobel's Gold Medallion-winning books by the same name, the set includes *The Case for Christ*, *The Case for the Faith* and the new-to-DVD *The Case for a Creator*. The collection also includes bonus material such as interviews, music, a reference library and more.

- *The Case for Christ*: Strobel relies on his expertise as a reporter to track down evidence for Christ from the fields of science, philosophy and history. He asks tough questions such as: "How reliable is the New Testament?" "Does evidence exist for Jesus outside the Bible?" "Is there any reason to believe the Resurrection was an actual historical event?"
- *The Case for Faith*: Strobel asks questions many might think but may be too afraid to ask: "Why is Jesus the only way to God?" And, "How could a loving God exist if there is evil and suffering in the world?" This DVD includes the featurettes "Dealing With Doubt" and "The Least of These: The Christian's Response to Evil and Suffering."
- *The Case for the Creator*: Does scientific evidence prove or disprove the existence of a supernatural Creator? Strobel interviewed scientists and scholars for the answers. This DVD chronicles Strobel's personal journey from skeptic to believer in God.
