

The News from the Master

✘ “Why, God? Why, did this happen to me?”

The News from the Master is a series of true stories and testimonies of Virji, a 21-year old woman who suffered triple tragedies. In

this book, Virji tells how an automobile accident caused a series of tragic events

in her life resulting in the death of her niece, her mother and even her son.

At a time when faith seems lost and all hope is gone we cry out to God, “Why,

God? Why, did this happen to me?” If you have ever lost someone dear to your

heart; then you must read this book!
