

The Plumb Line Is Dropping—Are We Ready to Overcome the Racial Divide?

It was a mixed multitude that came out of Egypt to become a holy nation and royal priesthood of believers. The Lord is inviting His body to confront racial division and understand we are one race and a kingdom of priests. There is an exodus out of division and into the unity of faith in this “new era.”

As we have crossed the threshold of a new era, we are also standing at the anniversary of the beginning of slavery in our nation (1619).

Though slavery ended in 1865, racism did not. Racism was seen through many different acts throughout history. If we track all the laws, lynching, murders and deep trauma that transpired throughout history within the nation, we should start to see a spiritual force behind the scenes.

It is alarming to see that the same ideas of eugenics that inspired Hitler to attempt to wipe out the Jews is the same inspiration that Margaret Sanger received to attempt to wipe out African Americans through Planned Parenthood. Since 1973, abortion has reduced the black population by over 25%.

There is a spiritual diabolical plan that spans 400 years and counting that must be understood from a spiritual perspective and not just a political one. My father's battle was the Civil Rights Movement and ours continues with the overturning of abortion. I believe revival and awakening will cause us to see the value of life, but reformation will create a culture of life that removes the present culture of death.

The plumb line is dropping, and justice must come, and His bride must awaken to sound the alarm that life matters from

the womb to the tomb.

In this podcast, I will address the importance of an ecclesia that operates as a legislative body of the kingdom to overcome death culture instituted through the gates of hell.
