

The World Is on War Footing Right Now

The world is on war footing, John Shorey tells Jim Bakker of North Korea's rise.

China is preparing for war. Russia is building up its military.

"If you listen to the news, you realize countries like Saudi Arabia are making the biggest military hardware purchases probably in their history," Shorey says.

Qatar, Iran, Israel and their enemies in the Middle East—it's all coming to a head right now.

Is this the end?
