

Tom Horn: ISIS Will Detonate a Weapon of Mass Destruction

Author Tom Horn says the Islamic State has a weapon of mass destruction they will detonate in the next year or two.

“It’s going to cause Muslims to believe that their war is playing out according to their hadith (Islamic prophecy),” Horn tells Zach Drew. “It’s going to cause the Catholics to really start talking about the final Roman emperor. They’re going to believe it’s a fulfillment of their apocalyptic. But there are some other things.”

Watch the video to see what they are.
