What an Angel Told Pastor Chris Reed About the Coming End-Times Revival

As the social and spiritual climate in our nation gets worse and worse, talk of an end-times revival, even a third Great Awakening, is on the rise. Many young leaders are now declaring the approach of a coming revival, among them a 36-year-old Indiana pastor named Chris Reed, who had a supernatural encounter with an angel whose words agree with this prophetic perspective.

Reed's encounter took place in what he calls "the libraries of heaven" with an angel he says was named "The Fear of the Lord." In this encounter, Reed felt a holy reverence and awe as he was drawn to a bookcase labeled "The Supernatural" and to a specific book there titled "The Seven Spirits of God."

Jonathan Cahn says his most recent video release is a "prophetic message of a different kind." In it, the *New York Times* bestselling author and rabbi answers the questions we all have about the meaning of events such as the Jan. 6 storming of Capitol Hill and the forces that are transforming our nation even now.

"Is there a template, a mystery from 2,500 years ago that reveals what lies behind it all?" Cahn asks, encouraging viewers to watch all of the three-hour video because of the significance of its never-before-revealed content.

End-Times Expert: UFOs, COVID and a Warning to Non-Believers About the Upcoming Harvest

Whether it's an increase in UFO sightings, the continuing devastation of COVID-19 or the impending Second Coming of Christ, end-times expert Michael Snyder says believers have absolutely no reason to fear anything that is happening in the world today.

The talk of socialism and communism, complete government control in America, also has many people quivering about the future. But the fact that these things are happening, Snyder says, indicates only one great thing for Christians—Jesus is returning soon.

Sen. Josh Hawley Gets the Last Laugh on Cancel Culture

Last October, Simon & Schuster, a giant in the publishing industry, announced it would be releasing Sen. Josh Hawley's book titled *The Tyranny of Big Tech*. As reported by *AP News*, Hawley had frequently criticized the various social media giants "for everything from alleged anti-conservative bias to monopolistic control of the online market."

As Hawley explained, "At a time when these platforms are determining elections, banning inconvenient political views, lining politicians' pockets with hundreds of millions of dollars, and addicting our kids to screens, I want to draw attention to the robber barons of the modern era. This is the fight to recover America's populist democracy. That is why I am writing this book."

Kirk Cameron's American Campfire Revival Comes to an End, Need for National Transformation Does Not

The need for revival in America is evident. Racial tension rises. Violence abounds. Yet Kirk Cameron believes Jesus-followers have had the answer for transformation all along.

“The strategy that has transformed nations has always been the same,” he says on his near-conclusion of the American Campfire Revival. “It’s the same strategy that we find in the Bible for the transformation of everything.” {eo}
