Jonathan Cahn Smashes Altar of Ishtar

In a powerful display of spiritual warfare, author and speaker Rabbi Jonathan Cahn led a prophetic act on the National Mall, where he smashes an altar of Ishtar, symbolizing the breaking of demonic strongholds in America. This act is part of his broader message on repentance, deliverance and spiritual freedom from the forces of darkness gripping the nation.

Speaking at the gathering, Cahn draws parallels between the Yom Kippur scapegoat and the spiritual battle faced today, stating, "At the end of Yom Kippur, the sins are laid on the scapegoat, and the scapegoat carries it out of the land. The darkness is cast out of the land."

Cahn emphasizes that the battle is not against individuals but spiritual principalities, citing the ancient pagan deity Ishtar (also known as Ashtaroth in the Bible) as a manifestation of immorality in our culture. "You women of God, you are Esther," he declares. "And Esther cancels out Ishtar—the sexual immorality that enslaves this culture, that has led to the destruction of marriages, families and life."

OK, this is starting to get really weird.

At the same time that the Middle East is erupting in flames, the U.S. is being pummeled by major natural disasters and we are preparing for the most pivotal election in modern history, extremely unusual things are happening in the heavens. The

“Comet of the Century” is making a spectacular run past our planet, the sun has unleashed an extremely powerful coronal mass ejection, a “second Moon” is now orbiting our world, and it is being suggested that we are witnessing an “intriguing alignment of constellations and stars” that appears to relate to events written in the book of Revelation. Kim Clement's 2014 Prophecy Resurfaces Amid Jaguar Wright Claims

Donné Clement Petruska, daughter of the late prophetic voice Kim Clement, has recently revealed a connection between singer-songwriter Jaguar Wright's explosive claims and her father's prophetic words from years ago.

In a video posted on her YouTube channel, Petruska delves into what she believes is growing evidence of occult practices infiltrating high levels of society, globalist organizations and politics, shining a light on the evil in the world today.

Wright, who has become known for her outspoken criticism of the music industry and its leading figures, including Sean “Diddy” Combs, Jay-Z and Beyoncé, made headlines recently by endorsing Donald Trump for the 2024 presidential election. In a surprising turn for someone not typically aligned with conservative politics, Wright declares, “It has to be Trump, because if we vote DNC, we're voting for liars. It's just that simple. The DNC is lying.” Petruska admits she was shocked by Wright's comments, explaining, “This is not a person who is traditionally Republican or conservative at all.”
