Kim Clement's Incredible New Year's Prophecy

Are you ready for what God will do in this new year?

In a video from Dec. 31, 2014, the late Kim Clement gave a prophecy for the coming year that still is ringing true within our world a decade later.

"There is a sound that is coming, that the world has never heard before. On the day of Pentecost, there was a sound that came, and My church was born," Clement said. "That sound destroyed the powers that would chain them, that would bind them. That sound would be stolen through the ages. But there was always a remnant who kept the sound safely. And then at the right time it would be released."

King Charles' Controversial Christmas Message

King Charles has caused quite the controversy over his Christmas message.

During the monarch's speech, he spoke about Jesus' birth, however, it was equated with the same value as all other religions.

"... our holy Savior came down to earth from heaven. Lived among

the poor and [meek] and lowly, and transformed the lives of those He met through God's redeeming love. That is the heart of the Nativity story. And, we can hear its beat in the belief of all the great faiths. In the love and mercy of God in times of joy and of suffering," Charles says.

5 Shocking Stories of 2024 That Left Us Speechless

With 2024 coming to a close, we've seen a variety of things happen over the past year. 1. 'Massive Altar' for Red Heifer Sacrifice Constructed In Israel

Back in March, Charisma reported on the construction of a "massive altar" made for a red heifer sacrifice to take place. As we continue to see the preparations being made for the prophetic sacrifice that ultimately will lead us into the building of the Third Temple, the significance of the red heifer has had people both inside and outside of Christianity talking about what this will mean for the Jewish people and the Middle East.

2025: Pastor Greg Locke's Vision for the Year Ahead

As the new year of 2025 approaches, Christians worldwide are looking for godly insight into what lies ahead. In a recent interview with Charisma Media, Pastor Greg Locke of Global Vision Bible Church offered his perspective on the spiritual trajectory of the coming year, calling for both vigilance and unity among believers.

Locke emphasized the need for the church to rise as a beacon of truth amidst growing cultural and spiritual challenges. "The Lord is shaking the nations, and the church must awaken to her purpose," he declared. This statement aligns with the biblical mandate in Hebrews 12:26-27: "Yet once more I will shake not only the earth but also heaven." He pointed to these times as an opportunity for believers to refocus on our mission to spread the gospel of Jesus Christ.

One of Locke's primary concerns for 2025 is the rise of deception within and outside the church. "We're seeing a tidal wave of lies and false doctrines," he warned, referencing 2 Timothy 4:3 (MEV): "For the time will come when people will not endure sound doctrine; but they will gather to themselves teachers in accordance with their own desires, having itching ears." Locke's caution serves as a reminder that having biblical discernment is crucial in navigating the spiritual climate of the new year and beyond.

Prophetic Word Fulfilled? Chris Reed's Vision and the Death of Jimmy Carter

On Jan. 21, 2023, during an appearance on "The Lance Wallnau Show," Chris Reed of Chris Reed Ministries unveiled a prophetic word that he had not shared publicly until that moment. Now, with the recent passing of former President Jimmy Carter and plans for his state funeral on Jan. 9, 2024, Reed's vision has sparked renewed interest among believers seeking to understand its implications.

Reed began his revelation by stating, "I've shared this with my team. This is the first time I've shared this publicly, so this is a new prophecy. I shared this with Rick [Joyner], I shared this with others." According to Reed, the vision came to him in a supernatural encounter with the Lord in the second week of January 2023.

"I was taken into the Capitol rotunda in Washington, D.C.," he recounted, emphasizing that this was not a physical experience but a "transvision." The rotunda, famously a place where prominent political figures lie in state after their deaths, became the setting for a significant scene.
