Pastor Greg Locke With Benny Hinn: God Putting Deliverance Ministry Front and Center

For too long, devils have been running rampant across America.

Without a body of Christ empowered by the Holy Spirit to cast them out, who else was there to stop them?

As the manifestation of demonic influence is claiming territory around the world, two titans of deliverance ministry have united in the cause of driving it back.

How Is Noah Connected With the Nephilim and the End Times?

L.A. Marzulli, an internationally recognized specialist on the Nephilim, says believers today should pay special attention to Matthew 24, when Jesus warns us that these last days will be “like the days of Noah.

In essence, believers should be waiting for Jesus’ return with great anticipation.

“As were the days of Noah, so will be the coming of the Son of Man. For as in the days before the flood, they were eating and drinking, marrying and giving in marriage, until the day Noah

entered the ark, and did not know until the flood came and took them all away, so will be the coming of the Son of Man" (Matt. 24:37-39).

'Sound of Freedom' Star Caviezel Blasts Pope, Politicians, Apathetic Christians

While promoting President Donald Trump's upcoming screening of the new hit movie "Sound of Freedom," actor Jim Caviezel called out Pope Francis for staying silent about child sex trafficking.

"I'm begging you, Pope of the Roman Catholic Church. What are you doing? Why are you staying silent? Why won't you speak out?" says Caviezel in an interview with Steve Bannon on "War Room," one of the top political podcasts in America and a core program on the Real America Voice (RAV) platform. "Don't you fear the Father in heaven? Don't you fear the Holy Spirit? Are you a Rothschild Pope? Answer that."

Caviezel, who plays real-life, pro-child rescuing hero Tim Ballard in the movie, also criticized weak politicians, "emasculated men" and Christians who have done nothing to fight this scourge of sex with underaged kids. It's a topic that Hollywood refuses to admit because of rampant pedophilia that left-wing extremists are trying to normalize in light of the moral breakdown in America.

Why Do Some People Hate the Movie 'Sound of Freedom'?

If the new hit movie "Sound of Freedom" had been released a few years ago, the mainstream media would have praised it—and Hollywood probably would have given it a few Oscars.

But times have changed. Something has shifted in our culture. In today's up-is-down, right-is-wrong world, a movie that exposes the evils of child sex trafficking is being attacked by movie critics even though cheering audiences have made it one of the most successful films of the year.

The movie isn't easy to watch. It deals with the most despicable crime of our times. It's based on the life of Tim Ballard, a former government agent who arrests many child predators but can't ever seem to rescue their victims. After freeing a Honduran boy who was trafficked, Ballard rescues 54 children in a sting operation in Cartagena, Colombia; then he risks his life to save the boy's sister, who was sold to rebels and taken to their camp in a remote jungle where children are exploited to manufacture cocaine.

Perry Stone's Eye-Opening Confession: A Missing Puzzle Piece in Rapture Theory

At the 2023 Prophetic Summit in Cleveland, Tennessee, Perry Stone delivered a thought-provoking message titled, "Something I Have Missed Concerning the Pre-Tribulation Rapture" that provides fresh insights and perspectives on the timing of Christ's return.

Stone reveals a principle that he says many, including himself, have overlooked, and he makes a compelling case for the pre-tribulation rapture of the church.

The Church Age and the Feast of Pentecost

Stone shares that in 2014, he received a revelation regarding the church's position within the current dispensation of God's grace, known as the Church Age. {eoa}
