Amanda Grace: Prophetic Warning Predicted DC Air Catastrophe?

On Jan. 29, 2025, a tragic plane crash sent shockwaves across the nation, and prophetic voices are now urging believers to take notice. Could this devastating event be tied to a pattern of warnings from the Lord?

During a recent livestream, Amanda Grace highlighted eerie connections between the American Airlines and Black Hawk helicopter crash to previous prophetic warnings she received from the Lord. She also points to other biblical signs that show something sinister was likely at play during the night of the crash.

Grace's dream from 2021 involving American Airlines foreshadows what we just saw happen to this passenger plane.

Rabbi Schneider's Prophetic Dream Warns of Darker Days: Are You Ready?

The world is shifting, and now more than ever the Lord is on the move. As history unfolds before our eyes, those with spiritual discernment can see that we are living in prophetic

times. In a recent message, Rabbi Kirt Schneider shared a prophetic dream that underscores the increasing turmoil gripping the planet. His vision speaks to the reality of global instability, moral decay, and an impending struggle that will test the endurance of humanity.

In the dream, Schneider found himself aboard a massive warship with hundreds of others, all weary from a grueling mission. The suffering was palpable—lives had been lost, and the journey had left its mark on everyone aboard. Just as relief seemed within reach, an officer entered his cabin and delivered a chilling message: “If you think that was hard, get ready. The next thing is going to be even harder.” This warning, he explained, is not just about personal struggle but a foreshadowing of what is unfolding in the world today.
