

Veterans Group: Hillary Clinton Must Not Become President

The U.S. military veterans group Veterans in Defense of Liberty produced this video to lay out the case against electing Hillary Clinton as the 45th president of the United States.

The deeply moving and persuasive video isn't just intended for an audience of fellow veterans, but for Americans in general. But it makes the powerful case that many former military in the U.S. have rejected the idea that Clinton could be an effective commander in chief.

The mission of ViDoL is to "recruit, educate, train and motivate individuals to run for public office who are irrevocably committed to uphold and fight for constitutional principles and the preservation of our Republic."

Additionally, it works to "identify and oppose those individuals, groups and agendas that would, knowingly or otherwise, bring about the loss of our freedoms and the destruction of our Republic through the violation of the Constitution and the erosion of the traditional founding values and morals."
