

Viral Jesus

Ross Rohde

Christianity was once an explosive and viral movement that spread by word of mouth. Not even persecution could stop it; rather it helped to spread the fame of Christ. But today, the gospel is no longer spreading like wildfire throughout the Western world. Slowly, Christianity has morphed into something much different—a stable institutionalized religion that no longer grips us with the excitement and spirituality of the early years.

Ross Rohde takes a look at the excitement and passion that we've lost and gives direction on how we can recapture it. In *Viral Jesus*, he compares examples from the Bible and today's world to explore how we can return to our roots and once again enjoy the thrill and explosive growth of early Christianity.
