

# **WATCH: ‘Ducky Dynasty’s’ Sadie Robertson Reveals Personal Struggles in Viral Video**

Social media pressure gets to the best of us—including Sadie Robertson.

In response to Instagram comments about “goals,” Robertson vocalizes the reality of trying to establish such ambitions.

“I’m going to hit you with a reality,” she says. “I’m just going to be straight up honest with you,” before diving into her insecurities.

The moment of truth, though, is this: “You’re never going to be content with who you are unless you allow God to come in. I’m not saying that’s what you have to believe, but I’m saying that’s the best option I’ve ever found ... Humans have never given me a better comfort zone than what God can give me.”
