

WATCH: Spoken Words Artist Exposes Lies of Anti- Depression Industry

Everyone suffers from depression is the bold statement rapper Prince Ea makes.

He says it will be the leading cause of death in 10 years, beating out cancer and war, among others. There's a billion-dollar industry that depends on us being depressed and thrives on us remaining so.

But we don't have to be. Watch Ea tell it like it is—and what made the difference for him and can work in your life too.
