

WATCH: They Thought It Was a Sign From God But It Was Pure Evil

It's not unusual to see odd marking on your wall, whether your kids went haywire with crayons or your painting is starting to melt.

So this man cleaned up his wall and went about his business ... only to discover the markings continue to appear.

There was blood seeping through his wall, not exactly something something Mr. Clean's Magic Eraser could fix.

Watch the video to see what was going on.
