

WATCH: LeCrae on Life: 'We Can't Keep It to Ourselves'

LeCrae, one of the top rappers in the country, is all about showing people who he is, and that includes his passion for God. His newest album, *Anomaly*, shows just how much God influences his everyday life.

"*Anomaly* is my most secure, confident, understanding who-I-am album," LeCrae says.

He dives into some darker elements on these tracks, saying, "It would be a shame for me to just get on the tracks and just say 'Turn up for Jesus! ... That would take away the color the Lord has really been painting me with.'"
