

What a Near-Death Health Crisis Can Teach Us About God's Purpose

Want to love the life you see? In the debut episode of *Make Life Matter* on the Charisma Podcast Network, Angela Donadio takes you behind the scenes during her near-death health crises to discover how God turns pain into purpose. Find out what God said to her in a defining moment that changed the trajectory of her life. You'll be encouraged to trust God's character and see His hand on your life, even in difficult seasons and look for the miracle hidden in the mess.

In Her Own Words

God won't allow anything to happen to us that He won't use to bring glory for Himself. God will not waste anything you go through. He will use the U-turns, detours and dead-ends. He asks us to let go of the reasons, throw our arms around His neck and take a walk with him—a walk of faith. The choice is ours. Don't fight the process God is taking you through. Instead, learn to trust His character. "God chooses the process; we choose obedience."
