

What Americans Need to Know About the Left's Shaky Election 'Reform' Bills

Senate Majority Leader Chuck Schumer intends to abolish the filibuster rule so he can pass an election fraud bill and a long list of his other socialist agenda items.

Schumer and Joe Biden couldn't get their election fraud bills passed under normal Senate rules, so now they are trying to change those rules in order to ram election theft down America's throat.

Biden and Kamala Harris were in Atlanta on Tuesday, where they attacked the election integrity measures the Georgia legislature passed.

"We have no option but to change the Senate rules, including getting rid of the filibuster," Biden told the crowd, referring to Schumer's inability to get the support from Republicans and Democrat Senator Joe Manchin.

Here are a few things these bills would do to enable fraud:

- Ban voter IDs
- Permit voting outside one's precinct.
- Same-day registration.
- Permit ballot-box stuffing or harvesting.
- Permit mail-in voting for any reason or no reason.
- Presume that all mail-in ballots are legal.
- Fine and even jail election workers who question the legality of a voter.

Why would they place people in jail for attempting to ensure that only legal votes are cast in our elections? The answer is obvious.

These election measures will put Joe Biden's lawless administration in complete control of all local, state and federal elections! Schumer and Biden are resorting to "the nuclear option" to stay in power.

Rep. Jamaal Bowman (D-NY) said this to CNN about the election fraud bills, "If we deliver, we [Democrats] maintain power in 2022. If we don't ... we risk losing power and risk this moment to really push a progressive agenda."

Schumer does not have 60 votes to overcome the filibuster. If the filibuster goes, then Democrats can have a good chance of passing election fraud bills, the "Build Back Better" socialist bill, the "Equality Act" and more!

Schumer is using everything in his power to strong-arm, coerce and cajole senators to support his cause. We stopped repeal of the filibuster and the election fraud bills last year. We MUST stop them again this year!

Meanwhile, our legal team continues its fight for religious freedom. This vital work progresses as we fight the COVID shot mandates. I will soon update you on our massive class action suit for military members, federal employees and civilian contractors.

This week I have been preparing for my argument next Tuesday before the Supreme Court in a case that will set nationwide precedent regarding censorship of religious viewpoints by the City of Boston. {eo}
