

Why 2020 Marks a New Era of Reformation

As we begin the New Year 2020, we stand at the dawn of a new era of the kingdom.

Not only have we stepped into a New Year and a new decade, but we have crossed over into a new era of reformation. It is a new decade according to our Gregorian calendar, as well as a new decade in the Hebraic calendar.

The Hebrew Year 5780 prophetically means the “Year of the Mouth,” which derives from the number 80, the value for the Hebrew letter “pey” or *mouth*. We have entered into the decade of the mouth (pey 80) as we have left the decade of the 70 or the “ayin,” which is the Hebrew letter for “eye.”

In this podcast, I will begin to unfold prophetically how the decade of the “ayin” was a window of time where the eyes of His Bride were being cleansed in order to see clearly into the blueprints of a new era. It is from the blueprints of the plumb line revelation of Jesus Christ that we will roar into the '20s by speaking from the place of His presence.

It is from the place of abiding in His presence that we receive personal reformation as we are prepared for a kingdom reset, restoration and reformation. In this new era the Father is looking for those who will walk in their inheritance as ambassadors of Christ, releasing the word of reconciliation.
