

Why Best-Selling Author Jonathan Cahn Believes There Is Danger and Hope for America

In his new book, *The Paradigm: The Ancient Blueprint That Holds the Mystery of Our Times* (), New York Times best-selling author Jonathan Cahn reveals the warning signs occurring in America that indicate the coming of judgment.

This is no surprise to the millions who voted for change more than a year ago, knowing the nation was in a deadly, downward spiral.

Similar to his previous book *The Harbinger*, which catapulted Cahn to national and international prominence, *The Paradigm* emphasizes the nation's increasing abandonment of biblical values and godly morality.

"The context of *The Paradigm* is the accelerating fall of a nation that had once known God, a process that reaches a critical juncture where apart from some form of intervention the nation is in danger of being irrevocably sealed in a course of apostasy," Cahn says.

He identifies patterns in the Bible that concern a nation's progression to judgment, addressing abortion, idolatry and sexual immorality. *The Paradigm* also reveals parallels between the apostasy of ancient Israel and the metamorphosis of values of today's society. In the book, Cahn compares biblical leaders who sacrificed children for idols to present-day politicians who advocate for abortion.

While *The Paradigm* expounds on the apostasy of both the present day and 3,000 years ago, it also pinpoints times when

a nation is given a reprieve. Cahn points to instances when the judgment that had already been decreed was held back. He refers to the southern kingdom of Judah when Josiah sought to lead his nation back to God, or when the rise of Jehu provided a reprieve for Israel.

“Such reprieves may come, as they did in ancient times, shortly before a nation’s judgment,” Cahn says.

However, the reprieve that came about with Jehu’s reign did not amount to a revival. Although the apostasy slowed in its velocity, the people never turned back to God. Through this, *The Paradigm* challenges readers to consider the present state: Will America turn back to God?

Cahn sounds the alarm, writing, “A nation that has especially known God but now stands in defiance of His ways stands also in danger of His judgment. And a nation that has been given a reprieve for the purpose of turning back but spurns that chance will have nothing left but the prospect of judgment.”

Both *The Paradigm* and *The Harbinger* expose ominous prophecies for our nation—prophecies that have already begun to manifest. For Christians, this means there is no time to waste. If the nation’s culture is restored, its youngest generation will be changed for the better, and its progression of sin and defiance will be broken. Because of this, Cahn calls for a time of revival.

“If there were no hope, what would be the point of such prophetic warnings?” he says.

The Paradigm, which was released in September and debuted in the top five of the *New York Times* and *Wall Street Journal* book charts, reveals a newly uncovered master blueprint and ancient template that foretells many events of modern history. *The Paradigm* also removes the veil behind the leaders, governments, events and scandals of modern times. Its disclosures are so detailed and its revelations so precise

that it even speaks of events before they happen.

Cahn, who caused a stir throughout America and the globe with the release of his instant *New York Times* best-seller *The Harbinger*, which sold over 2 million copies, followed that earth-shattering work with *The Mystery of the Shemitah* and *The Book of Mysteries*, also *New York Times* best sellers. In fact, the mysteries of the immensely popular *The Harbinger* continue and are intertwined with the mysteries of *The Paradigm*.

The Paradigm is published by Frontline, an imprint of Charisma House.
