

Why COVID-19 Might Be the Result of Dividing the Land of Israel

Approximately 70% of the world's cases of the coronavirus are located in countries who actively supported President Trump's "Deal of the Century," or alternatively, rejected it on the basis that it was not good enough for the Palestinians. President Trump released the "Deal of the Century" on Jan. 28, 2020. Two days later, the World Health Organization officially declared the coronavirus as a global health emergency.

This week's episode on the *Joshua and Caleb Report* podcast recounts multiple times in history when U.S. leaders have tried to divide the land of Israel, and experienced a natural disaster as a result. Don't believe it? Listen to the facts for yourself.

The Bible is clear. Those who touch Israel are touching the apple of God's eye (Zech. 2:8). It's time we as believers, and the leaders of the Western world, realize this truth. The rise and fall of nations is directly connected to how they deal with Israel and the Jewish people!

The *Joshua and Caleb Report* podcast is a weekly show that broadcasts radical, biblical truths straight from Israel's biblical heartland. Don't settle for lies and negativity. Listen to our weekly show to be empowered to stand confidently with God's land and people.
