

Why the Militant Abortionists' Agenda Is More Terrifying Than You Think

The Washington Post recently reported that support for abortion is the highest it's been in two decades. And the issue will be a determining factor for both Democrats and Republicans in 2020.

The heightened support for abortion isn't surprising, says author and national radio host Dr. Michael Brown. That's because a spirit with extremely evil intentions is running rampant in America today.

In his soon-to-be-released book, *Jezebel's War with America: The Plot to Destroy Our Country and What We Can Do to Turn the Tide*, Brown says that the spirit of Queen Jezebel, an incredibly evil and demonically controlled woman from the Bible, is still operating in America today and is evident through a militant pro-abortion agenda.

"The spirit of Jezebel that operated 3,000 years ago is alive and well in America today—and waging war on the church and our leadership," Brown said. "For example, in the ancient world, idolatry was widely associated with baby killing, and we have that same spirit today among the militant abortionists, the ones who are encouraging women to 'shout your abortion,' the ones who are saying 'abortion is normal' and the ones who are claiming that a baby in the womb is just like a tumor or a clump of cells that needs to be removed. There's no doubt, this is something militant, and it's even manifested into the justification of infanticide today here in America. Know this—the spirit of Jezebel is at work once more."

The *Washington Post* article honed in on a new poll it conducted with ABC News that found that 60% say abortion

should be legal in most or all cases, up from 55% in a 2013 *Post-ABC* poll and tying the record high level of support from 1995. The 2019 survey also found that 36% say abortion should be illegal in all or most cases, also tying a record low.

Jezebel's War with America, set for release Aug. 6, focuses on the fact that the spirit of the biblical figure Jezebel is at work today through a fascination with witchcraft and sorcery, radical feminism coupled with the extreme pro-abortion movement, and other spiritual and cultural forces in an attempt to destroy America. Brown's eye-opening book not only unveils a satanic plot beginning with an all-out assault on the church, but it will equip every believer with tools to defeat the enemy in their own personal lives as well as in the nation.

Dr. Michael L. Brown is founder and president of AskDrBrown Ministries and president of FIRE School of Ministry. The author of more than 35 books, including *Saving a Sick America* (2017), he is also the host of the nationally syndicated daily talk radio show "The Line of Fire," as well as the host of shows on GOD TV, NRBTv and METV. His syndicated columns appear on many leading websites, and his scholarly publications range from biblical commentaries to articles in Semitic journals and theological dictionaries. He has served as an adjunct or visiting professor at seven leading seminaries and has debated gay activists, agnostic professors and Orthodox rabbis on university campuses.
