Jesus, the Trinity and the Old Testament

There are many reasons to believe Jesus was and is the God of the Old Testament.

Jesus said, “If you do not believe that I am He, you will die in your sins” (John 8:24).

If Jesus was not God, what value did His death hold on the cross? What is the basis for our salvation if He was just a man? He fulfilled over 300 prophecies in the Bible and the historical evidence supports that Jesus is who He said He was.

You call Him a lunatic or a liar if you do not believe His words.
