Rick Renner's Prophetic Warning of a 2025 Storm: Are You Ready?

As we step into 2025, Rick Renner of Renner Ministries delivers a prophetic word brimming with both challenge and hope. He speaks to the body of Christ with clarity, urging us to brace for a season of intense warfare but also to rise in faith, equipped with God's promises.

Renner begins with a reminder of the apostle Paul's

instruction to Timothy in 1 Timothy 1:18: “Remember the prophecies which went before on thee, that thou by them mightest wage a good warfare.” He emphasizes that prophetic words are tools for spiritual battle, declaring, “God has given you everything you need to walk in victory in 2025.”

3 Blood Moons Are Coming, and You Won't Believe When the First One Hits

Some remarkable celestial signs will be on display in the coming months that may hold prophetic significance for our world. This series of four heavenly phenomena includes two lunar events over the next 14 months that appear to represent a possible message about Israel.

It all kicks off with a total lunar eclipse known as a “blood moon” that will appear over the U.S. Mar. 14, 2025. This particular one will fall directly on the Jewish holiday of Purim. That's when the Jewish people celebrate the biblical account of Esther when they were delivered from annihilation at the hands of an enemy named Haman in the Persian empire, which is modern-day Iran.

And that's not the end. There will actually be two more blood moons, with one coming this fall before Rosh Hashanah, and then the third one also falling directly on Purim Mar. 3, 2026.

Unlocking the Language of Heaven: The Mystery of Angelic Tongues

In a recent teaching, evangelist Perry Stone delved into a fascinating topic in the Bible—the “tongue of angels”

mentioned in 1 Corinthians 13:1.

“Though I speak with the tongues of men and of angels and have not love, I am a sounding brass or a tinkling cymbal,” Stone quotes, pointing to the apostle Paul’s declaration. According to Stone, this verse opens a line of discussion not only on the necessity of love but also on the spiritual dimensions of language.

Unveiling the Spiritual Risks of Investigating the Occult

Tony Merkel, host of “The Confessionals” podcast, recently shared a cautionary spiritual perspective in an interview with Charisma Media. His personal experiences on the spiritual dangers of hunting for portals and investigating the occult serve as a sobering reminder of the risks inherent in engaging with the demonic realm.

Merkel, who described his initial fascination with portals as “unhealthy,” opened up about the spiritual warfare he has faced as a result of his explorations.

“Doing this stuff definitely gets a target on your back,” Merkel said, likening the experience to being an active player in a game. “If you’re a Christian and you’re just riding the bench, nobody’s going to guard you. But as soon as you start becoming a problem, that’s when the opponent pays attention to you.”
