Actor Jim Carrey depicted a disturbing cartoon of an abortionist murdering Gov. Kay Ivey by sucking the life out of her body as a baby.

“I think If you’re going to terminate a pregnancy, it should be done sometime before the fetus becomes Governor of Alabama,” Carrey captioned the cartoon on Twitter.

Ivey recently signed the nation’s most restrictive abortion law, infuriating Hollywood elite.

Multiple people were offended by the cartoon, including Christian leaders, politicians and commentators.

Carrey has not posted a rebuttal to the complaints.
