

Amanda Grace: Tucker Carlson Prophecy Fulfilled

Did a prophetic dream about Tucker Carlson come to pass?

A year-and-a-half ago, Amanda Grace had a dream about Tucker Carlson, sharing the details about it five days prior to Carlson's firing from Fox News to Charisma's Stephen Strang during her podcast. The two prayed for Carlson, unknowingly interceding during what would be a divine moment for him. Later, in February of this year, Grace saw in greater detail what it was that attacked him.

"In this dream when he walks in, he's in his white shirt, in his blazer and he stretches up his arms," Grace recounts. "Wrapped around the entire trunk of his body, going up his body, was a demon. It was either half fish, half person, or half serpent, half person. But the bottom of it didn't have was filled with scales and it was green."

Grace says that in this dream, the demon also had long hair with bony arms and massive claws coming out of its fingertips.

"And that is where he's got the claw marks, on his side," Grace says.

She says that when demonic attacks like this happen in the physical form it is because there was a spiritual door that was opened.

"Now, the Lord did protect Tucker because it could have taken him out, and the Lord didn't allow that. But a door was open and it was able to physically assault him," Grace says.

Grace believes it was likely a seducing spirit that was trying to attack Carlson, a pythos spirit of sorts. Because Carlson was stepping into new territory at the time, starting to speak out against the darkness hiding in America and the world, Grace says he likely didn't have the proper covering at the time to stop this spirit from trying to take him down.

"When someone gets attacked like this that may have not understood how real the demonic was before and this happens, it rocks their whole world. It turns their whole world upside-down about what's real and what's not real," she says. "This is why you constantly need to be in communion with the Lord, seeking Him, praying, speaking the Word, using the sword of the Spirit."

Since this attack, Carlson has motivated himself to know God for himself and more seriously seek the things of the Holy Spirit. However, as Amanda Grace points out, the body of Christ should not cease to pray for Tucker Carlson.

"I am encouraging you to intercede for the safety of him and his family. I am encouraging you to intercede that he uses the Word of God, that he speaks the Word of God, that he continually calls on the name of Jesus Christ because I truly believe this entity is going to try to take another shot at him. But, with him speaking the Word and you interceding, it's going to be stopped and it's going to be thwarted."

Continue to lift up Tucker Carlson in prayer as God uses him to speak the truth and shine the light of Christ in a dark

world.
