

Ancient Prophets' Words Are Being Fulfilled Before Our Eyes

The Jewish people are returning to Israel in record numbers, just as the prophets declared. In 1947, on the day of Israel's birth, 600,000 Jewish people lived in Israel. Now, only 70 years later, there are over 6 million. The next chapter and possibly the last great chapter of world events are happening now.

To help unpack these prophetic events regarding the return (Aliyah) of the dispersed Jewish people back to Israel, Operation Exodus USA is hosting a pivotal symposium, "Exodus to Israel: Your Role in Shaping History," on October 4-6 during the historic 70th Anniversary. The Exodus to Israel symposium will be a multi-generational gathering that will clarify like never before the role of the Jewish community, the role of the Gentiles and your personal role in these events.

"And they shall bring your sons in their arms, and your daughters shall be carried on their shoulders" (Is. 49:22).

Best-selling author and featured speaker Steve Lightle received a vision in August 1974 of God's plan to bring the Jewish people out from the then-Soviet Union and return them to the land of Israel. In 1991, together with the founder of Operation Exodus, Gustav Scheller, Steve helped establish the Exodus Shipping Line to bring Jewish people from the USSR to Israel by ship and airplane. Since then, Operation Exodus has assisted hundreds of thousands of Jewish people return to Israel.

At the Exodus to Israel Symposium, Steve will unpack the mystery of Aliyah, the prophetic promise that amplifies

everything concerning Israel. It will be the first time he has ever shared some of these findings. You will discover how the Aliyah of the Jewish people is critical to the redemption of the world and the role you play.

Paul Wilbur will also be joining us as we celebrate the 70th Anniversary of the modern state of Israel and the first Exodus to Israel.

Other speakers include Debra Minotti, president of Operation Exodus USA; Tom Brooker, UK and European Young Adult Coordinator of Operation Exodus; representatives from the Jewish community and others.

Since the first "Exodus" boat in 1947 to the latest group last week that Operation Exodus USA assisted, this critical milestone in the Aliyah movement has been in the making for more than 70 years.

Please make plans to join us in Buffalo, NY on October 4-6, 2018 for this historic gathering! You can register here .
