

Blood Moons Film: 'The Heavens Are God's Billboard'

In a cinematic one-night event, Pastor John Hagee's best-selling book *Four Blood Moons* is slated to hit theaters this month.

Through the lens of Scripture, science and history, the big-screen production will examine the significance of the blood moons cycle for Israel, the Middle East and the rest of the world.

"The heavens are 'God's billboard.' He's been sending signals to earth, and we haven't been picking them up," Hagee said.

"Two blood moons, in 2014 and 2015, point to dramatic events in the Middle East and, as a result, change in the whole world," he said.

CBN's Erick Stakelbeck, who spoke to Hagee last year about his book, also makes an appearance in the movie.

Four Blood Moons is scheduled to open March 23. For more information, visit the film's website.
