

Children Supernaturally Healed from HIV, Blindness

“He has sent me to heal the broken-hearted, to proclaim liberty to the captives, and the opening of the prison to those who are bound,” (Isa. 61:1).

There is nothing too difficult for the Lord to accomplish, and His miraculous power has certainly been seen through Kathryn Krick’s ministry.

Back in 2019, Krick journeyed to Africa where she prayed over a group of children who were suffering from HIV, one of which who had gone blind because of the severity of their condition. However, after praying for healing and God’s power to anoint these children, they have been supernaturally healed.

“I remove HIV out of every child here right now in Jesus’ name. Let your life be a testimony of the glory of Jesus. I declare complete healing to every person here,” Krick prayed.

A year later, when she returned, the children were completely healed. The bumps on their heads and lips had disappeared, they no longer needed pills to keep them alive and those who were close to death were healthy and well.

"I came here last year, and all of these children had HIV. Most of them had sores all over their heads. They had fungus, sores in their mouths, and four were in the hospital for months about to die," Krick recounts. "The doctor said they had no hope, and they were going to die. But Jesus healed them.

"They are not sick anymore. They don't have to take the pills. Their heads are all cleared up. They have nothing in their mouths. They're healthy, and the doctor was amazed."

This amazing testimony shows that God is ready to heal, even miraculously, at all times and for all people.
