Maranatha Megachurch Pastor Ray Bentley Dies of COVID-19 Complications

Pastor Ray Bentley, founding and senior pastor of Maranatha Chapel in San Diego, California passed away on January 4. The church released this statement:

Dear Church Family,

"With grieving hearts, we need to let you know that our dear Pastor Ray went home to be with the Lord this afternoon due to complications of COVID. We are all in shock and heartbroken. We find comfort in knowing that he is rejoicing in heaven with his beloved Jesus. Certainly, he was welcomed with those beautiful words, 'Well done, good and faithful servant.' Please pray for Vicki and their family and for our church. More information will follow, but for now we needed to let you know and ask for prayer."

End-Times Expert: How 'Bidenflation' Is Systematically Destroying the Middle Class in America

Americans have more money in their pockets than they ever have before.

That sounds like really great news, but it isn't, because the cost of living is rising much faster than our incomes are. In addition, much of the "new wealth" that has been created over the past couple of years has ended up in the hands of the very

wealthy, and this has caused the gap between the rich and the poor to grow even wider.

As for the middle class, it is being systematically hollowed out by “Bidenflation,” and that process is only going to accelerate during the early stages of 2022.

Alveda King Sends Staunch Challenge—and Warning—to Liberal Politicians

Finally, the anti-American agenda of critical race theory (CRT) is being exposed, and its devout followers should take note.

Most recently we saw this in Virginia’s rejection of CRT in its gubernatorial race. On one hand, you had seasoned politician and former governor Terry McAuliffe telling parents they should not have a say in what schools teach their children. And on the other hand, you had political newcomer Glenn Youngkin vowing to keep CRT out of Virginia’s schools.

Let this be a wake-up call for the elites determined to undermine our nation’s greatness by indoctrinating our children with a radical, anti-American agenda—America’s parents won’t allow it. {eo}
