Why Vaccine Passports May Be a Reality for You Soon

Over half the states and the District of Columbia have some form of a “vaccine passport.” Several U.S. cities are already enforcing their vaccine passports that limit dining, gyms and public gatherings to the “vaccinated.”

Forbes magazine claims, “Having digital access to personal health records empowers the individual.” But the truth is the exact opposite.

This puts technology in place so that with the flip of a switch, government can control and limit anyone who doesn’t bow to their latest demands! Those pushing this agenda are hoping you won’t notice.

New Iranian Nuclear Deal Brings Fear That Atomic Warfare Is Coming

While the world remains focused on Ukraine, a major geopolitical event is unfolding in Vienna. The new or renegotiated Iranian nuclear deal is reportedly close to signing, and critics are concerned this version is worse than the original.

After 11 months of negotiations, Israel’s chief takeaway is alarm.

“We look to Vienna, and we are deeply troubled by what we see,” said Israeli Prime Minister Naftali Bennett. “For Israel and all the stability-seeking forces in the Middle East, the emerging deal as it seems is highly likely to create a more violent, more volatile Middle East.” {eo}
