Popular Ministry Leader States the Antichrist is Already Here

Many believers will argue and say that the Antichrist has yet to come to this earth. In this video, however, Lion of Judah Ministries contends that the Antichrist is already here and is alive and well.

Perhaps he has not made his presence known in a physical sense. But the spirit of Antichrist, Lion of Judah says, is alive and well on planet earth and his message is being spread worldwide.

"The Antichrist is here, and the evidence is that he sitting on the throne of the hearts of men," the video proclaims. "Some Christian circles believe that this man has already been born and now it is just a matter of time before he is revealed on the stage of mankind. We don't know if that is true or not, but what we do know is that when he comes, his primary objective is to be worshiped, to be exalted and to be uplifted. All of the adoration that rightfully belongs to God, he will want it for himself."

The Spirit of Antichrist Has Enveloped America. Is This a Democracy Anymore?

"All throughout Europe, governments have gone to great lengths to get people vaccinated. We were promised the vaccinations [would] be a 'game changer' and it will restore our freedom ... it turns out none of that is true.

"[The vaccine] does not render you immune, you can still

contract the virus and you can still be infectious. The only thing this vaccine did for sure was to spill billions and billions of dollars in the pockets of pharmaceutical companies. I voted against the [EU digital Covid] certificate back in April.

“The minority of MEPs, for whatever reasons unbeknown to me, obviously, support oppression of the people while claiming, shamelessly, to do it for the people’s own good. But it is not the goal that renders the system oppressive, it is always the methods by which the goal is pursued.

Kamala Harris’ Niece Crusades for Critical Race Theory

Vice President Kamala Harris’ niece Meena Harris, is a staunch advocate of critical race theory. And, she says, if some public schools won’t teach it, alternatives must be provided so that parents can teach their children themselves.

But is that really the way God wants our children to be taught? Is it the way He wants future generations to think? Dr. Michael Brown says, CRT is potentially a way to separate us even further.

“We are in real danger of doing deep, lasting damage to the very fabric of our nation by making everything into an issue of race,” Brown says. “In fact, the more we blame every problem on race, the deeper our race problems will get. We will see things that are not there. We will misdiagnose the symptoms. We will overcompensate. We will make things worse.”
